## **Kelly HS wins national recognition**

By: VANESSA EVERETT, The Enterprise

BEAUMONT - Monsignor Kelly Catholic High School was recently named one of the top 50 Catholic high schools in the nation.

The honor, from the Acton Institute for the Study of Religion and Liberty, confirms to the community that Kelly High School is quality place for Catholic education, said Principal Roger Bemis.

The research organization judged the schools on their academic excellence, Catholic identity and civic education.

"I think it's just reinforcement, just confirmation that we are doing a good job in the areas that are important to us and to Catholic education in general," Bemis said.
